MANY

Their Return.

Associated Doctors, Specialists,
Will be in North Platte at
Pacific Hotel Saturday,
May 11th.

ONE DAY ONLY.

These are the Doctors you no doubt have read about. While you may not know them personally, you may know them by reputation or through some of your neighbors, they have treated.

The remarkable success of these talented physicians in the treatment of chronic diseases has aroused much enthusiasm in the Northwest.

This is said to be and no doubt is true, one of the most able specialists organization of its kind in this section of the country, and must be a successful one from the many good results they are getting.

The Associated Doctors, licensed by the state of Nebraska for the treatment of deformities and nervous and chronic diseases of men, women and children, offer to all who call on them, consultation, examination, and advice free.

It is especially requested that married ladies come with their husbands and minors with their parents.

The name, Associated Doctors, is what it implies a union of specialists twelve in number that have gotten together for the treatment of chronic and nervous diseases. Not to be understood that they treat all diseases that the human body is heir to. They mean to be very careful in selecting and taking cases as they want good results, which means good returns in the way of their patients recommending them to others.

They estimate that over eighty per cent of the patients now coming to them, come from recommendations of those they have treated.

They do not treat any acute diseases whatever, their time and attention being devoted to such diseases as follows:

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bedwetting, leg ulcers, weak lungs and those afflicted with long standing, deep seated, chronic diseases, that have baffled the skill of the family physicians, should not fail to call.

According to their system no more operations for appendicitis, gall stones, tumors, or goiter. They were among the first in America to earn the name of the "Bloodless Surgeons" by doing away with knife and with all pain in the successful treatment of these dangerous diseases.

BELOW ARE THE NAMES of a few of the many patients that have many good things to say for the Associated Doctors.

Grace Munk, Dell Rapids, So. Dak., catarrh and deafness.

Mrs. O. G. Anderson, Mina, So. Dak., nervous and kidney trouble.

Mrs. John H. Kieser, Yankton, S. D., nearly dead with heart and kidney trouble producing dropsy, was given only a week to live in, short time under their treatment was doing some of her household.
